

INLABRU WORKSHOP

ICES 2025, Copenhagen

Jafet Belmont, Sara Martino and Janine Illian

1 Welcome to the course!

- Welcome to the `inlabru` workshop!
- The aim of this workshop is to introduce you to a range of statistical modelling approaches, in particular the temporal, spatial and spatio-temporal modelling as implemented in the `inlabru` package.
- Workshop materials are available in the github repository [inlabru-workshop](#)

2 Feedback

We would be very glad if you could fill in [this Form](#) and share your feedback about the course.

The form can also be accessed using the QR code below

3 Learning Objectives for the workshop

At the end of the workshop, participants will have an understanding of:

- the motivation for and the challenges of analysing and modelling spatial data
- statistical models used to analyse spatial and spatio-temporal data
- the implementation of these models in the `inlabru` package
- how to independently analyse spatial data with `inlabru`

4 Intended audience

The workshop aims to cater for participants with a range of different backgrounds, who is interested in analysing data with modern spatial and spatio-temporal statistical modelling approaches.

5 Prerequisites

Participants should be familiar with the R environment, and general statistical approaches for modelling such as regression, analysis of (co)variance, and generalized linear models.

No knowledge of R-INLA or inlabru is required.

6 Schedule

6.0.1 Day 1

Time	Topic
10:00 - 10:30	ICES information session
10:30 - 11:30	Session 1: Introduction to inlabru
11:30 - 13:00	Practical Session 1
13:00 - 14:30	Lunch break ☕
14:30 - 15:30	Session 2: Latent Gaussian Models and INLA
15:30 - 15:45	Coffee Break ☕
15:45 - 16:45	Practical Session 2
16:45 - 17:00	wrap-up and outlook

6.0.2 Day 2

Time	Topic
9:00 - 10:00	Session 3: Temporal modelling and smoothing part 1
10:00 - 10:30	Snack ☕
10:30 - 11:30	Temporal modelling and smoothing part 2
11:30 - 13:00	Practical Session 3
13:00 - 14:30	Lunch break ☕
14:30 - 15:30	Session 5: Introduction to Spatial Statistics
15:35 - 15:45	Coffee Break ☕
15:45 - 16:45	Practical Session 4
16:45 - 17:00	wrap-up and outlook

6.0.3 Day 3

Time	Topic
9:00 - 10:00	Session 6: Areal Processes
10:00 - 10:30	Snack ☕
10:30 - 11:30	Session 7: Geostatistics
11:30 - 13:00	Practical Session 5
13:00 - 14:30	Lunch break ☕
14:30 - 15:30	Session 8: Spatial Point processes
15:35 - 15:45	Coffee Break ☕
15:45 - 16:45	Practical Session 5 continued
16:45 - 17:00	wrap-up and outlook

6.0.4 Day 4

Time	Topic
9:00 - 10:00	Session 9: Spatiotemporal models
10:00 - 10:30	Snack ☕
10:30 - 11:30	Session 10: Model comparison and evaluation
11:30 - 13:00	Practical Session 6
13:00 - 14:30	Lunch break ☕
14:30 - 15:30	Session 11: Multi-likelihood/joint likelihood models
15:35 - 15:45	Coffee Break ☕
15:45 - 16:45	Practical Session 7
16:45 - 17:00	wrap-up and outlook

6.0.5 Day 5

Time	Topic
9:00 - 10:00	Session 12: Zero inflated models
10:00 - 10:30	Snack ☕
10:30 - 11:30	Session 13: Complex observational processes: Distance Sampling
11:30 - 13:00	Practical Session 8: Zero Inflated models - Distance sampling
13:00 - 13:15	Coffee Break ☕
13:15 - 14:00	Closing session

7 In preparation for the workshop

Participants are required to follow the below steps ahead of the first day of the workshop:

1. Check your R version, it should be at least 4.3....
2. Install [R-INLA](#)
3. Install `inlabru` (available from CRAN)

```
# Enable universe(s) by inlabru-org
options(repos = c(
  inlabruorg = "https://inlabru-org.r-universe.dev",
  INLA = "https://inla.r-inla-download.org/R/testing",
  CRAN = "https://cloud.r-project.org"
))

# Install some packages
install.packages("inlabru")
```

3. Make sure you have the latest R-INLA, `inlabru` and R versions installed.
4. Install the following libraries:

```
install.packages(c(
  "CARBayesdata",
  "DAAG",
  "dplyr",
  "FSAdat",
  "ggplot2",
  "gt",
  "lubridate",
  "magrittr",
  "mapview",
  "patchwork",
  "scico",
  "sdmTMB",
  "sf",
  "spatstat",
  "spdep",
  "terra",
  "tidyverse",
  "tidyterra",
  "tidyverse"
))
```
